ACADEMIC DETAILS

Year	Degree/Exam	Institute	GPA/Marks
July 2019 – June 2023	B.E in Information Science	Acharya Institute of Technology	7.9 / 10
2019	12 th PUC	M Krishna P U College	93.5 %
2017	10 th CBSE	C K S English School	9.8 / 10

EXPERIENCE

- **Internship in Python Programming and Machine Learning at YBI Foundation:** *October 2022*
 - Became proficient at Python syntax, data structures, and object-oriented programming principles.
 - Gained Familiarity with commonly used Python libraries and frameworks like NumPy, Pandas, and Matplotlib for data analysis and manipulation.
- **Full Stack Web Development Internship at Varcons Technologies Pvt Ltd:** *September 2022*
 - Developed a fully-fledged functional Website for the company's client.
 - As a part of the project, I have designed functional web pages, used database to collect, store and sort Data by using technologies like HTML, CSS, JavaScript and PHP.

PROJECTS

- **Online Cheque Deposit System : (Built Using – Python, Django, HTML, JavaScript, CSS)**

This project aims to utilize image processing and machine learning techniques to detect fraudulent cheques, prevent Cheque bouncing, and enhance Cheque processing efficiency.
- **Car Dealership Website: (Built Using – HTML, CSS, JavaScript, PHP)**

This project is an interactive Website where the user can Sign up, explore and buy/rent different cars from the catalogue and are provided with a payment gateway.
- **T20 Cricket Data Analytics : (Built Using – Python, Pandas, Power BI, Web Scraping)**

This project was developed with the objective of gathering cricket match data from a website using web scraping techniques, analyzing the data using Python Pandas, and visualizing the insights using Power BI.
- **LinkedIn Job Application Bot : (Built Using – Python, Selenium)**

This project is a Job Application bot which automatically applies to LinkedIn Easy Apply jobs. This bot can also answer the application questions as well.

TECHNICAL SKILLS

- **Languages :** Python, C, C++, Java, JavaScript
- **Databases :** MySQL
- **Tools and frameworks:** HTML, CSS, PHP, Power BI, Django, Docker, Kubernetes, Git, AWS

CERTIFICATES

- Diploma in Amazon Web Services (Alison)
- Course in Python Programming Language (Mind Cluster)
